The Elba Clipper

He invented the swivel chair, a plow, the sr noting stick, and an indoor weather vane. : introduced the threshing machine to the United States and granted Eli Whitney the patent on the cotton gin.

As a Congressman, he wrote a suggestion for a decimal monetary system which gave us the penny, the dime, and the dollar-yet strangely enough, his face appears on the wo money units he did not suggest. They re the nickle and the two-dollar bill. And owyouknow him-Thomas Jefferson, born 212 years ago.

You might think it strange that this busy man whose mind was engaged with so many practical things should also have written the most inspiring words in American history-our Declaration of Independence. But Thomas Jefferson knew that independence

is a practical thing.

\_OUKNOW HIS NAME as well as your own. offer you one of the world's surest ways to save-especially when you invest in them through the Payroll Savings Plan where you work. They pay good interest -3% compounded semiannually when held to maturity. And your U. S. Savings Bonds are as

safe as America herself. Don't let all of Thomas Jefferson's good dollars you receive slip through your fingers! Take the first step toward security and financial independence today by saving something for 'yourself. Join the Payroll Savings Plan at your company. Or start now to invest in United States Savings Bonds regularly where you bank!

Want your interest paid as current income? Invest in 3% Series H

United States Government Series H Bonds are new current income Bonds in denominations of \$500 to \$10,000. Redeemable at par after 6 You know it, too. And you are acting in months and on one month's notice. Mature in the spirit of Jefferson every time you invest 9 years, 8 months and pay an average of 3% per another dollar in our nation's Series E Sav- annum if held to maturity. Interest paid semian ings Bonds. For Savings Bonds can be your nually by Treasury check. Series H may be purpersonal Declaration of Independence, They chased through any bank. ## Through the Keyhole

FLORIDA CALLED this week son" had really started. A cute PERSONALS. Jean Vaughan and the amount and the climate. FLORIDA CALLED this week end when as guests of John and Ida Kimmey, we journeyed to the land of sand and sun. Also along were "Nims" Thompson and Bob Clark, but it seemed that we found someone from home nearly everywhere we went.

FLORIDA CALLED this week son" had really started. A cute blonds in a pink bathing suit strolled by with two friends, and guess who, Annie Jim Dorman with an Auburn crowd. Also of a recent church meeting and the climate. You can restore a depleted showed it to us on the occasion with an Auburn crowd. Also of a recent church meeting and the climate. You can restore a depleted showed it to us on the occasion with an Auburn crowd. Also of a recent church meeting and the climate. You can restore a depleted showed it to us on the occasion of a recent church meeting and the climate. You can restore a depleted showed it to us on the occasion of a recent church meeting and the climate. You can restore a depleted showed it to us on the occasion of a recent church meeting and everyone was loud in their praise. Jean uses green as a background color and her collection of paintings as the chief home nearly everywhere we went.

Next door were Dorothy and Charles Lindsey. Their house is a pretty decorative note. She told us opening to the view on all sides, and children, Judy and Petesy. Scotty and Debbie Lindsey had great fun showing the gulf and all its wonders to the young Suddaths who, although familiar with the ocean, were newcomers to the gulf stream.

A highlight of the afternoon was the return of Charles, Pete seems to replace elements removed by crops or by leaching or the need to clear land bequired while in college. The endicative note is a pretty decorative note. She told us some of the paintings she acquired while in college. The endicative note is a pretty decorative note. She told us some of the paintings she acquired while in college. The endicative note is a pretty decorative note. She told us some of the paintings she acquired while in college. The endicative note is a pretty decorative note. She told us some of the paintings she acquired while in college. The endicative note is a pretty decorative note. She told us some of the paintings as the chief decorative note. She told us some of the paintings she acquired while in college. The endicative note is a pretty decorative note. ### Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This s the engine that has stock car timers loing a "double take" at their stopwatches wherever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR\* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class -and a raft of others besides. In the one-mile straightaway run for lowpriced cars, the first two places-and six of the first ten-went to Chevrolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other Pick the one you'd rather have fun low-priced cars—and every high-priced with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to every-What's behind this blazing performone else on the road! ance? A compact honey of a V8 that

IT'S UP TO YOU

H. ward E. Kershner, L.H.D. If labor thinks management and ownership are rewarded too highly for their share in indus-trial production, it should plan to acquire a larger stake in these rewards. In New York State alone, the labor welfare funds take in about half a billion dollars per year and have on hand reserves amounting to approximately three billion dollars. In addition labor unions have very large resources in their

war chests and current operating Labor receives more than two-thirds of the national income. Let it buy the freely offered shares of chosen industries. By combin-ing the efforts of individuals with the investment of some of the funds of organized labor, thrift and saving over a period of years would enable labor to own and control a very large segment of American industry and to share fully in the responsibilities and rewards of management and own-ership.

U TURNS CONVENIENT Mrs. C. B. McDowell and Mrs. Mary Newton returned Monday from a ten-day trip to Ft. Devens, Mass. where they visited Pvt. Robert Newton. Robert has completed a 26 week course in the A. S. A., and will leave for Seattle, Wash, on Saturday. From there he will go to Tokyo, Japan for assign. Mrs. Newton, who received her first baptism of fire in driving in cities larger than Atlanta said she was surprised when told by Washington and New York traffic police that it was all right to make a U turn, thus saving much roundabout travel-

ling in congested traffic. She told the police she greatly ap-preciated the courtesy but was surprised as she would have received a ticket for making a U turn in towns like Montgomery Mrs. McDowell and Mrs. Newton stopped off in Decatur, Ga. for short visits with Mrs. Mc-Dowell's son, Dr. D. F. McDowell, and family. They were three days and three nights making the trip, which they stood re markably well with no mishaps

River Road Agreement Signed Monday

Road matters and opening of state and Dale County would start of condemnation proceed bids for supplies were the main do the work on the Camp Ruckings if they were needed. It was rumored around Daughtry's Cafe last week that Reuben Moore had to get rid of his rained squirrel hunting cat.

According to unverified reports, Mr. Moore had this feline trained so that when he went squirrel hunting, the cat would take to the trail better than a dog. This cat would tree a squirrel, so reports go, bark and then go up the tree to chase the squirrel out on a limb for its master to shoot. What was so good about the animal was that it always stayed behind the tree trunk and never got in the line of fire.

Mr. Moore valued his cat

Ids for supplies were the main items of business at the commissioners court meeting in Enterprise Monday.

An agreemen between the state and ccunty was signed on the river road out of Elba. The county agreed to survey, grade, and drain from Ino south to the Geneva County line, and furnish the right-of-way and construction engineering without cost to the state. The state will black top it.

The state will grade, drain, asse and black top the end of the road starting at the swim ming pool in Elba, south to the payement at Ino.

Mr. Moore valued his cat

Ids of the work on the Camp Ruck-rad and Coffee County will be asked for the repair of a GMC transmisshare.

The Elba Clipper was awarded the bid to print 7,000 sets of the work on the Camp Ruck-rad and Coffee County will be asked for the repair of a GMC transmisshare.

The Elba Clipper was at the commissioners out to specifications at the bid to print 7,000 sets of the bid to print 7,000 sets of the work on the Camp Ruck-rad and Coffee County will be asked for the repair of a GMC transmisshare.

The Elba Clipper was awarded the bid to print 7,000 sets of the work on the Camp Ruck-rad and Coffee County will be asked for the repair of a GMC transmisshare.

The Elba Clipper was awarded the bid to print 7,000 sets of the bid to print 7,000 Mr. Moore valued his cat highly and had orders from other squirrel hunters for cats as quickly as he could get them trained.

Davement at Inc.

Probate Judge J. O. English reported Robert King had signated authority to condemn contact for the new welfare building and will begin running from Sam Tindol's to a bridge and to get the work within too days offer the work. However, nothing is perfect work within ten days after the Eanon School and church if the done as well as buy 5,000 feet and when Mr. Moore's cat started killing deer, he had to have it destroyed.

lot is cleared.

owners would not settle for a of lumber: Whitman given authority to buy 5,000 feet of lumber to buy 5,000 feet of lumber. The Commissioners authorized ber.
